In addition to the errors of the Patent and Trademark Office, a review of the patent has revealed the presence of errors attributable to applicants/patentees, which errors however are of a minor and self-evident character, as listed below:

In column 5, line 25 (claim 2), "15 to 30 umol/g" should be -- 15 to 30 μ mol/g --.

While these errors are not of a serious enough nature to warrant a Certificate of Correction, the patentee nevertheless wishes to bring same to the attention of the Patent and Trademark Office, so that same is made of record in the file of this patent.
